About this project

Drawing from Jack and David Stidham's third volume, as well as David's extensive genealogical files (now in the possession of the TSS), this effort was a collaboration between the Stidham* Family Tree Manager, Ules G. "Butch" Stidam, and Newsletter Editor, Richard L. Steadham, in order to further the work of chronicling the descendants of Dr. Timen Stidham in America.

The task of numbering the 13th generation will be taken up next and published in a future issue.
